

BOARD LETTER III.D

Plans, this guidance weaves together both federal and state requirements. The intent is to assist in the development of a seamless blueprint for the operationalization and implementation of all required Plan content.

Staff Recommendation: Ratify Workforce Development Board action to open a 30-day public comment period on the draft regional plan, effective March 15, 2021 and the draft local plan on April 5, 2021. Note: Staff will bring both plans back to the board at its May 2021 joint Governing and Executive Committee meeting as a business item.
